Under taxes on buildings and lands the collection anticipated during the year exceed the demand as portrayed in statement "D" which is inconceivable The opening balance under the same head for 51-52, as shown in the same statement differs from the revised estimate of the closing balance for 50-51 The arrears as at the end of 1949-50 themselves amount to

more than the demand for th one year thus leading to the inference that over a whole years demand is in arrea In the case of water tax, no opening balance is shown in Statement "D" while in the revised estimate for 50-51 there is a heavy balance Under water tax and lighting tax the anticipated collections are more than the respective demands

7) There are several other discrepancies in the revised estimates for 50-51

8) Statement "D" showing the estimate of demand, collection and balance under unicipal tax rates and taxes and the budget which is based on it appears to have be prepared in a very perfunctory manner and require to b completely recast before tney may be approved by Government No satisfactory verification is possible in this office as up-to-date cash accounts have not been received from the unicipality

(a) The ~~heads~~ mode of preparation of the Budget Estimates is still unsatisfactory and many of the discrepancies pointed out in my U O Reply No 1340/C S A dated 3-7-1951 have been left unremedied

(b) In preparing Statement D, the closing balance of the actuals for 1949-56 have been correctly taken as the opening balances for the revised estimates for 1950-51 But the closing balances of the revised estimates have not been adopted as the opening balances for the Budget for 1951-52 This

Budget Estimates of the Ramanag

this discrepancy requires to be set right Further there is no comparison between the estimates for 1951-52 under the following heads as exhibited in statement 'B' and as shown in the column "New Demand" in statement D:-

	Amount as per statement B	Amount as per statement D
and land (Page 2)	18,000	11,049 (+page 22)
	4,500	2,762
	2,250	1,381

16) The opening balance for the Budget Estimates for 1951-52 is taken as Rs 8,152, while the closing balance as per revised estimates for 1950-51 is shown as Rs.6,002-10-0 in statement A Whether the former is the actual cash balance on hand on 1-4-1951 cannot be verified as the monthly account for March 51 from Municipality has still not been received in this office

17) The Deputy Commissioner, Bangalore District, has stated that the Council has proposed to levy octroi on other dutiable articles which will yield good income to the Municipality This fact is not supported either by a copy of the resolution passed by the Council to this effect office or by a representation to Government whose previous sanction is necessary to levy octroi on any new article

18) The President, Municipal Council, Ramanagaram, states that action has been taken to revise the rates on dutiable articles etc, and that the revised rates will be given effect to during the current year as an explanation to the observations (para 1 of this office U O No.1340/CSA dated 3-7-51) that the anticipated

Budget Estimates of the Ramanagaram Town Municipality for the year 1951-52

anticipated receipts for 51-52 far exceed the actual realisations for the year 1949-50 and those of the revised estimates for 50-51 practically under all heads of Revenue One half of the current year has already passed and it is not clear as to when the rates on dutiable articles will be revised and given effect to and how the anticipated incomes will be realised in full by the Municipality

19) It is seen that fees collections of the Municipal High School, Ramanagaram and Government grant towards the maintenance of the same institution amounting to Rs 16,326/- have been shown as regular receipts to the Municipal Fund This is not correct as the Municipal High School has its own Maintenance Fund separately in S B Accounts and the entire realisations on the above will have to be credited to that Account Correspondingly on the expenditure side, the establishment charges on account of the Municipal High School will have to be regulated and reduced according to Rules so that the amount provided may also get reduced to the net cost the Municipality has to meet

20) The Budget Estimates have not been prepared strictly in accordance with Rule 19, M A.M and statements in prescribed forms required as per Rules 19(4) and 21 B have not been appended to the Estimates

21) The Budget Estimates may be sanctioned with such modifications as may be deemed necessary in the light of the points made above

Copy of the letter No 10086/ml 19-51-19 dated 27th December 1951 from the Secretary to the Government of Mysore, Local Self Gove--rnment Department, Bangalore, to the Deputy Commissioner, Banga--lore District, Bangalore

Subject - Budget Estimates of Ramanagaram Town Municipality for the year 1951-52

With reference to your letter No M6 6525/50-51 dated 10th September 1951, on the above subject, I am directed to state -- that the mode of preparation of the Budget Estimates is still -- unsatisfactory and many of the discrepencies pointed out in this office letter No L 3626/M1 19-51-6 dated 16th July 1951 have been left unremedied

2 In preparing statement 'D', the closing balance of the actual for 1949-50 have been correctly taken as opening balance- for the revised estimates for 1950-51 But the closing balances of the revised estimates have not been adopted as the opening -balances for the budget for 1951-52 This discrepancy requires- to be set right Further there is no comparison between the -- estimates for 1951-52 under the following heads as exhibited in statement 'B' and as shown in the column 'New Demand' in state--ment 'D'

HEAD	Amount as per Statement B. Rs	Amount as per Statement D Rs
a) Tax on buildings and lands	18,000/-	11,049/-
b) Water Tax ----- ----	4,500/-	2,762/-
c) Lighting Tax ----------	2,250/-	1,381/-

3 The opening balance for the budget estimates for 1951-52 is taken as Rs 8,152/- while the closing balance as per revised estimates for 1950-51 is shown as Rs 6,002-10-0 in statement 'A' whether the former is the actual cash balance on hand on 1-4-1951 cannot be verified

4 It is stated in your letter, under reference, that the Municipal Council has proposed to levy octroi or other dutiable- articles which will yeild good income to the Municipality This fact is not supported either by a copy of the resolution passed- by the Municipal Council to this effect or by a representation- to Government

5 The President, Municipal Council, Ramanagaram, states- that aation has been taken to revise the rates on dutiable arti--cles etc and that the revised rates will be given effect to du--ring the current year as an explanation to the observations -- (para (a) of this office letter dated the 16th July 1951) that - the anticipated receipts for 1951-52 for exceed the actual rea--lisations for the year 1949-50 and those of the revised estima--tes for 1950-51, practically under all heads of revenue One half of the current year has already passed and it is not clear as to when the rates on dutiable articles will be revised and given effect to an how the anticipated incomes will be realised in full by the Municipality

6 It is seen that fee collections of the Municipal High-School, Ramanagaram and Government grant towards the maintenance of the Institution amounting to Rs 16,326/- have been shown as -- regular receipts to the Municipal fund This is not correct as - the Municipal High School has its own maintenance fund separatly in Savings Bank Accounts and the entire realisations on the above will have to be credited to that account Correspondingly on -- the expenditure side, the establishment charges on account of -- the Municipal High School will have to be regulated and reduced- according to rules so that the amount provided may also get re--duced to the net cost the Municipality has to meet

7 The Budget estimates have not been prepared strictly - in accordance with rule 19, Municipal Account Mannual and state--ments in prescribed form required as per Rules 19(4) and 21B - have not been appended to the estimates

8 In the circumstances I am to request that the Budget estimates may kindly be got midified on the above lines and also actuals under several heads upto 30th September 1951 may be forwarded

9 The Budget estimates are returned herewith

Sub: Budget Estimates of Ramanagaram Town Municipality for the year 1951-52

---0---

With reference to your memo No M 6 6025/ 50-51 dated 27-7-1951 for submission of the Budget estimates after setting rights the defects pointed out by the Secretary L S G Department in Memo No 3626/M L 19-5-6-Dated 16-7-1951 I write to state as follows

The amount realised under all heads during the year 1949-50 was only for Nine Months that is from July to end of March 1950 as the Official year was changed from Ist April to 31 st March as per Government Order No L 7450 -7520 M L 163-49-1 dated 19-1-1950 Hence the demand and collections under several Heads was taken for nine months during the Year 49-50 The anticipat receipts for 1951-52 and the revised estimates for 50-51 was taken for 12 months Action has been taken to revise the rates on dutable articles etc The revised rates will be given effect to during the current year Hence the variations under all heads in the anticipated estimate for 51-52, The figures provided for 49-50 is entirely based on the cash accounts for nine months that is amounts actually received and paid during the year 49-50

The D C B Statement shown in D statement is corrected in red ink and enclosed herewith for favour of kind perusal I therefore request you kindly to accord sanction of Government

Yours Faithfully

Copy of letter No 3626/M1 19-51-6 dated 16-7-1951 from the Secretary to Government of Mysore, L S G Department, Bang to the Deputy Commissioner, Bangalore District

Subject -Budget estimates of Ramanagaram Town Municipal for the year 1951-52.

With reference to your letter No M6 6525/50-51 dated the 5th May 1951 on the above subject, I am directed to state that the Budget Estimates have not been prepared properly and that the following discrepancies are observed

(a) The anticipated receipts for 1951-52 exceed the amount realised during the years 1949-50 as well as the revise estimates for 1950-51, practically under all heads of revenue. Sufficient reason for anticipating increased realisatio have not been adduced

(b) The following discrepancies are observed in the - D C B Statement of Municipal rates and taxes accompanying the Budget -

(i) Under taxes on building and lands the collections anticipated during the year exceed the demand as portrayed in the statement "D" which is inconceivable The opening balance- under the same head for 1951-52, as shown in the same statemen differs from the revised estimate of the closing balance for- 1950-51 The arrears as at the end of 1949-50 themselves- amount to more than the demand for one year, thus leading to t inference that over a whole year demand is in arrears In the case of Water tax, no opening balance is shown in statement- "D" while in the revised estimate for 1950-51 there is heavy balance under water tax and lighting tax The anticipated col lections are more than the respective demands.

(c) Statement "D" showing the s estimate of demand, collection and balance under Municipal rates and taxes and the budget which is based on it, appear to have been prepared in a very perfunctory manner and require to be completely recast before they may be approved.

(d) In addition to these, several other discrepanci were noticed in the revised budget estimates for the year 1950 and also that up to date cash accounts have not been forwarded in the Budget estimates.
